Attachments: Isaias_Facilities.pdf

Attached is the report with all the facilities that are within the path of the storm. I will send the flooding part of the analysis soon.

Let me know if you have questions.

Best,

Subject: Isaias facility data report update

Good morning,

Just to give you an update on how the report is going. I am experiencing issues with the dashboard (layers aren't loading properly) because of contract transfer and I am working with both contractors to fix it. I know it's taking more time than what I initially anticipated but it should be fixed shortly.

Best,
Christie E. Torres Rosa
